If the project is successful the librarians working in the academic libraries in Moldova will be **better trained** for running modern library services. This will influence the **quality of higher education and research**. The librarians will have better **English** language skills, and will have strengthened their **networks**, both within and outside Moldova. The general public will have a better **understanding of the importance** of libraries.

# Keep the network!

# Continue sharing best practises

# Research and dissemination

# A book?

# English!

- A prerequisite for international collaboration, dissemination and participation in development
- Many have done a very good job already!

# Maintain website!
